

What's nex?

Insights into our development.

Release notes in mynexmart

In the future, you can find out about updates, new features and important customer information in a personal dashboard.

Rebrush for mynexmart and the online Market

The look of both solutions is adapted to each other for an even better user experience.

Pilot Phase Data Cockpit

We are working on the further development of a tool which shows the most important market data and a transparent analysis.
